DESIGNING WITH WHITE

From a city apartment to a country farmhouse—white never looks out of place. It expands the kitchen, illuminates the living room and calms the bedroom. White is timeless yet versatile, softening yet defining.

DISEÑO CON BLANCO

Desde un apartamento en la ciudad hasta una granja en el campo, el blanco nunca se ve fuera de lugar. Hace más grande la cocina, ilumina la sala de estar y brinda calma al dormitorio. El blanco es impercedero pero versátil, relajante pero definitorio.

Advice | Consejo

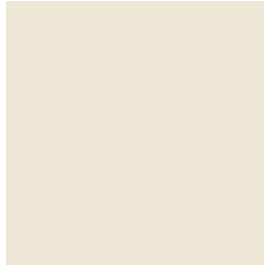

- For continuity, paint all trim throughout the entire house the same color.
 - The higher the sheen, the greater the shine and durability. Consider semi-gloss for doors and trim, matte or eggshell for walls and flat for ceilings.
-
- Para la continuidad, pinte los marcos de toda la casa del mismo color.
 - Mientras mayor sea el lustre, mayores serán el brillo y la durabilidad. Considere semi-brillante para puertas y marcos, mate o semi-mate para paredes y liso sin brillo para techos.

FINDING THE PERFECT SHADE OF WHITE

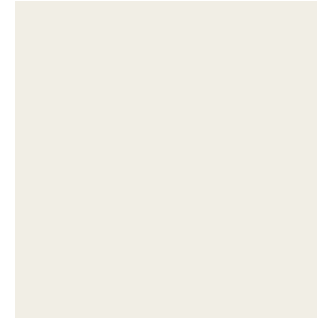

Whites are like other colors in that they can be warm or cool. For a warm shade, select a white that has a red, orange or yellow undertone. For cooler colors, choose a white with a green, blue, purple or gray undertone.

CÓMO ENCONTRAR EL TONO PERFECTO DE BLANCO

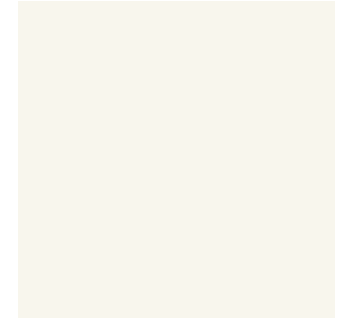

Los blancos son como los otros colores en cuanto a que pueden ser cálidos o fríos. Para un tono cálido, seleccione un blanco que tenga un matiz rojo, naranja o amarillo. Para colores más fríos, elija un blanco con un matiz verde, azul, púrpura o gris.
